

Opportunity Knocks!

Want to join a fifty year established practice in an award winning clinic building?

Check <http://www.attadalechiropractic.smallbusinesshosting.com.au/about-us/tour-our-clinic.aspx>

The clinic is ten minutes from Fremantle, 20 minutes from Perth.

As a chiropractor I practise with patients who get **it**. **It** refers to being able to discuss and understand subluxation, vitalist based long term health chiropractic care. They are patients of all ages and who know from their own personal experiences, the value of long term chiropractic health care.

The vacancy would suit a chiropractor who wants to create her/his own practice with very well experienced staff in a lovely environment. A self-motivated practitioner who can create her/his own practice serving patients of all ages.
